Proseraa

Harness the **power of Cloud Computing** to customize processes, **serve customers better,** and scale faster.

Who we are

We are Proseraa, an agile and proficient Salesforce™ and IBM Cloud Partner. We work hard to build and scale businesses for clients with the world's best cloud computing technologies within the shortest possible time. Our end-to-end cloud solutions for clients are based on the latest and advanced cloud technologies that help to simplify, improve, transform and accelerate business outcomes rapidly, while improving productivity.

What makes us distinct

Proseraa works like an extended team for clients. We operate closely with all stakeholders to understand the business challenges before designing and suggesting a comprehensive solution. What sets us apart is our ability to align accurately, leading cloud technologies like Salesforce™ and IBM Cloud, to the client's needs. Our goal is to deliver the most profitable, appropriate solutions to solve business challenges.

What we can do for business

|				
Improve sales pipeline	Increase productivity	Reinvent IT processes	Provide better service to customers	Reduce risk and response time
Build a community	Gain market leadership	Increase revenue	Optimize inter-department collaborations	Automate Processes

Our Partners

Proseraa collaborates with the industry's most trusted cloud computing companies to provide clients with access to cutting-edge, advanced technologies, augmented with best-in-class technical support. Our partners are our backbone and we work closely with them to stay ahead of the latest developments and market trends.

Our Certifications

Our Founders

Proseraa was founded by three technology professionals, Santhosh Vijayakumar, Viswanath P and Vijayendra Neelagiri, who are also the Directors of the company. Having spent more than a decade working in technology companies, and deeply interested in latest technologies, the trio launched Proseraa. Their aim is to enable clients with the latest cloud-based technologies that can rapidly improve profitability.

What we impact

Proseraa views a client's business as a dynamic, evolving and growing entity that requires due diligence at every step. For businesses that are moving from legacy systems to the cloud, we prioritize risk mitigation as part of the strategy, right from 'Level 1 Day 1' to enable a seamless, secure, transfer of applications to a reliable cloud platform of choice.
